Dear Doctor,

Greetings on behalf of the organising team of Radio ENT 2015!

We are thrilled to bring to you the second edition of Radio ENT Conference and Live Surgical Demonstration. The first edition, held in 2012, in Bangalore was a mega success with over 200 participating delegates, 25 participating Faculty / Speakers from across the country, 40 PG posters and papers and a mega entertainment night with performance by prominent bollywood singer Preeti Bhalla.

This success has indeed motivated us to roll out this conference every 2 years at different cities across the country. This year, Yenepoya University, in partnership with Avyaya Medicon and AOI is hosting the conference in the coastal city of Mangalore.

Based on the feedback received last year, we have planned to make this a 2 day conference this year onwards with live surgeries. The aim of the conference is to "provide radiological perspectives to ENT Surgeons". For PG students and Residents, this is a very exciting opportunity to showcase your innovation edge by submitting abstracts. Select students will stand a chance to present to an audience comprising of leading luminaries and veteran professionals.

The conference will be held at the picturesque campus of Yenepoya University and the banquet on the verdant sands of Ullal beach!

We have taken great care and put together a very delightful experience and we look forward to seeing you at Radio ENT 2014 LIVE, at Mangalore!

Dr. Gangadhara Somayaji
Conference Chairperson
Prof. and HOD, Dept of ENT
Yenepoya Medical College, Mangalore
