

Press release**Kidney transplantation successfully done at Yenepoya Medical College Hospital**

Balkis Banu a resident of Hassan reported to Yenepoya Medical College Hospital with end stage kidney failure and dialysis was on for a period of one month. She was advised for Renal Transplant. Her mother volunteered to donate one of her kidneys to her daughter.

Cost involved for renal transplant was quite high and when the patient's family could not afford the entire cost of surgery and hospital bills the management of the hospital extended its helping hand to do the surgery affordable to the patient. After surgery the patient is recovery well and ready for discharge. The Renal Transplant team was comprised of Dr Mujeeburahiman, Dr Nischith D'souza, Dr Althaf Khan (Urologists), Dr Santhosh Pai (Nephrologist) and Anesthesia team headed by Dr S Padmanabha.

The Management of Yenepoya including Mr.Y.Farhad Director Finance and Research, Dr Mohammed Amin Wani COO of YMCH and Dr Sunitha Saldanha Officer Hospital Operations have contributed to the success and helped the patient to get the transplant done at very subsidized cost.

Hospital has a well equipped Nephrology and Urology units with state of the art dialysis facility and multidisciplinary team including experienced staff nurses and transplant co-ordinator rendering quality service to a good number of patients from Karnataka and Kerala region to avail the services at affordable cost.
