Subject: Permission for an unpaid leave request to work as a Research Professor/Visiting Researcher in Hanyang University from 15th April 2021 to 14th April 2022 (1 Year) - Regd.

Respected Sir,

I have been working as an assistant professor at Yenepoya Research Centre since October 2017. Recently, I have applied for a Research Professor/Visiting Researcher position to work on biomaterials in the department of bio-nano engineering, BK21 FOUR Graduate Program, Hanyang University, South Korea. Hanyang University is one of the leading universities having several analytical instrumentations for chemical characterizations. I am going to learn new technologies which can support my current study (novel synthetic procedure to develop materials and learning new animal models for tissue engineering).

I have the following responsibility in Yenepoya Research Centre. I am presently guiding three Ph.D. students (Mr. Pandurang A Dalavi, Ms. Yashaswini G V, and Mr. Sesa Subramanian) and running a SERB grant. In my absence, co-guides will monitor and guide the students. I will guide and monitor their work process online. Regarding my research grant, I request the DST-SERB to extend the one year to complete the project work. In addition to this, I am currently working on YRC's NAAC work along with Dr. Ashwini Prabhu. I kindly request you to nominate a substitute coordinator for my place to smooth functioning for the work. However, I will be able to do any NAAC related work which can be done online with a computer.

During my tenure at the host institution, I would continue supporting the programs/activities (such as student guidance, publications, lectures, and administrative work). Also, the research publications that would come during my stay at the host institute would bear Yenepoya affiliation. Besides, my network/contacts can be utilized to enhance the programs/activities at Yenepoya. I would like to apply for a leave from 15th April 2021 to 14th April 2022 (1 Year). Hence, I would be grateful to you, if you could please grant me a sabbatical/unpaid leave for the above-mentioned period.

Thanking you.

Yours' sincerely,

J. Venkatesan

Remanded and forwarded for consideration with the following:

1. To get official communication from DST on the TAKE grant extension.
 2. To communicate to DD PhD regarding the PhD student's work in his absence and local arrangements.
 3. To suspend the seed grant project till his return.
 4. To submit the terms of reference for the employment/fellowship ^{of IUCF} ~~that~~ of ERICA.
- I have no objection in recommending the request.

Offer of employment

Dear Mr. Dr. Bhushan,

herein, I take great pleasure to offer you a temporary employment contract to do scientific work at the Leibniz Institute for Farm Animal Biology Dummerstorf. The appointment is limited for a period of 24 months starting from November 1st 2020.

You are only allowed to enter Germany and start work with a working permit. So please, try to get a visa with a working permission as scientist as soon as possible. The 24 months will begin on the day you start your work in Dummerstorf.

The position is subject to social insurance contribution and remunerated with 100 % TV-L E 13. Depending on your background your gross income per month amounts minimum 4.002,26 € the net income will differ. Please confirm your acceptance of the contract by signing it and sending back the stamped copy for our records.

Please bring your original diploma and certificates when coming to Dummerstorf. At the commencement of employment we'll make proved copies of them and give you back the originals. Depending on your working experience you might get a higher gross income. For this decision we need your pervious working contracts.

Regarding your health insurance: from the beginning of your contract you – and your family if coming with you - are member of the social insurance contribution system.

Hi Dr Aswini Dutt R,

Thank you again for expressing interest in Coursera!

Our mission is to transform lives through learning, and we want to help your students by offering courses online to minimize the impact of the coronavirus on their education.

We are glad to be able to support your community with this response initiative. We're excited to let you know that your Coursera for Campus program for your learners is ready and is officially launching today 04/20/2020. You can access your new program(s) [here](#).

The following individual has been provided organization administrator access. They can add additional administrators on your Coursera portal.

Dr Aswini Dutt R at drdutt23@yenepoya.edu.in

Shortly, you will receive a separate email inviting you to take a short course on our platform that provides you an overview of all the features of your Coursera for Campus

Subject: Coursera's Response to the Coronavirus Pandemic

Hello Dr. Arun,

Thank you for our conversation a short while ago.
The coronavirus outbreak has impacted educational institutions around the world, forcing many to suspend on-campus instruction and face-to-face seminars. I am aware that Yenepoya has also been impacted by Coronavirus and is currently closed for students.

I wanted to share that Coursera has launched a Coronavirus Response Initiative to help minimize the impact of the outbreak on students. We are offering access to top quality content and select features of our Coursera for Campus platform for free until 31st July, 2020. You can find more information [here](#).

We would be happy to provision **upto 5,000 licenses for free** for Yenepoya students and faculty to access our Coursera for Campus platform as well as our Courses and Specializations.

If this is of interest to Yenepoya, may I request for the following:

1. Kindly inform me by replying to this email
2. Kindly direct your team to sign up for this program [here](#) so that our Implementation Team can configure the licenses for you

I look forward to hearing back from you on this.

Warm regards
Vaibhav
